Dear Mr. Ishaq:

Thank you for your letter regarding the ongoing dispute about the status of Edwardes College Peshawar and your concerns for school staff. I learned more about this issue in meetings during a recent visit to Peshawar, including from Bishop Humphrey Sarfaraz Peters. Our Consulate in Peshawar is following developments.

Promoting and defending international religious freedom is a U.S. national security and foreign policy priority. Thank you for your efforts to ensure equal rights for every citizen of Pakistan.

Sincerely,
